

## What do animals and plants still need to be happy?

OASE offers an extensive assortment of useful accessories: From clarifiers to adjustable heaters and floor heaters to thermostats, automatic feeders, a water changing system and cleaning accessories – for an all-round successful aquarium experience.

### ClearTronic – UV clarifier

UV clarifiers ensure clear, germ-free aquarium water through UV radiation – ideal for preventing diseases that can affect aquarium inhabitants. However, use of a ClearTronic UV clarifier is also worthwhile for aesthetic reasons, as algae and cloudiness are effectively eliminated ensuring a clear view of the wonderful underwater world. The ClearTronic series is available in 7 W, 9 W and 11 W power consumption versions. (OASE)

## HeatUp adjustable heaters

Aquarium heaters ensure uniform water temperature so that the inhabitants of the aquarium always feel good and enjoy optimum health. The HeatUp adjustable heaters ensure a uniform temperature level and are ideal for continuous use thanks to high quality workmanship. The patented control system enables precise readjustment of the temperature by +/- 3° Celsius. (OASE)

## HeatUp Basis floor heater cable

For demanding aquarium plants The HeatUp floor heater cable promotes natural circulation of the water in the substrate and therefore supports nutrient supply to the roots of the plants for better growth. The 12 V technology and silicone cable make the floor heater cable particularly safe and ideal for demanding aquariums, terrariums and paludariums.

### OASE HeatUp thermostat

OASE HeatUp	RRP	€39.99
