ProfiLux LED Flood 1500													

## Profilux LED Flood 1500/ DMX/02

The ProfiLux LED Flood 1500/DMX/02 is the new and the most powerful RGBW-LED flood light. It has a lumen output of 1345 lumens and a wide beam angle of 31° for wide-area illumination.

The LED-flood-light has a high quality stainless steel housing and is suitable for fresh water, pool water and sea water application (for definition see page 232). Equipped with a temperature control and a thermal protection, the LED light can also be installed dry. The lifetime of these lights is up to 100,000 h.\*

The light has a waterproof hybrid (voltage/data) connector. With the underwater LED Driver/ DMX/02 (50720) (not in scope of supply) the Pro-

INNOVATION - MADE BY OASE

fiLux LED light can be controlled via DMX. The basic colours of the LED-RGBW-lights are measured individually for their brightness. The LED-Driver ensures equal brightness for all lights in the system, thereby crea-

Product characteristics at a glance

ting a homogeneous colour combination.

- Energy efficient LED-RGBW-light with mounting bracket and fine adjustment.
- 1345 Lumen with a wide beam angle of 31°, max. 31.8 Watt
- Temperature controlled high quality LED for an extra-long life of up to 100,000 h.\*
- Wet and dry installation water proof in accordance with IP68
- For fresh water, pool water and sea water
- External electronic in a separate control box / junction box – waterproof connector, easy to connect.
- DMX/RDM-capable in combination with the Underwater LED Driver/DMX/02 (50720)
- Individual measurement of the basic colours of the LED-RGBW lights and the use of the Underwater LED Driver/DMX/02 (50720) guarantees equal brightness of all lights in the system and a homogeneous colour combination.
- Galvanic isolation between the DMX and 24V DC power
- Stroboscope effect

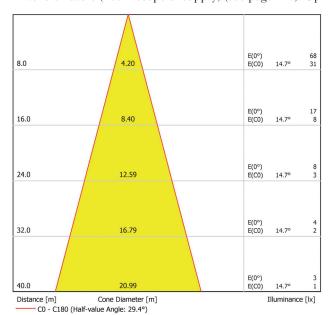

\*In case of underwater application, an intelligent heat management and quality LED enables a lifetime of up to 100.000 hrs. This claim does not entitle to a guarantee.

The variety of colour compositions reveal their full effect in combination with dynamic water effects which can be generated, for eg., with the Vario-Switch or the Varionaut pumps. Together, they create completely new compositions on open spaces and in fountains.
The Underwater LED Driver/DMX/02 (see page 148) is

required for a DMX/RDM-capable application of the Profi-Lux LED Flood. In addition a RDM-capable controller like WECS II (WECS II 512, WECS II 1024 or WECS II 2048, see page 156-165) is also needed.

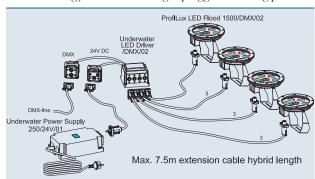

The ProfiLux-LED-Flood has a hybrid socket connection. The Underwater LED Driver/DMX/02 is connected to the ProfiLux LED Spot with a 3.0 mtr. or a 7.5 mtr. Hybrid-Extension cable (not in scope of supply) (see page 146). Up

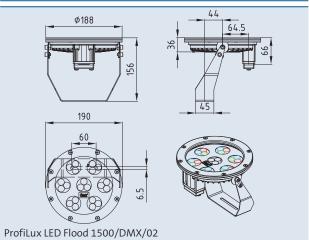

Accessories (must be ordered separately)				
Extension cable hybrid / 3.0 m (see page 146)	50728			
Extension cable hybrid / 7.5 m (see page 146)	56403			
Underwater LED Driver (see page 148)	50720			
Lamp Holder (see page 132)	50786			
Freestand Light (see page 132)	50978			
Connecting cable DMX/01 (see page 144)	Order no.			
Connecting cable DMX/1.0 m/01	12368			
Connecting cable DMX/3.0 m/01	12369			
Connecting cable DMX/5.0 m/01	12371			
Connecting cable DMX/10.0 m/01	12372			
Connecting cable DMX/20.0 m/01	12373			
End Resistant for Bus-System DMX/01	12007			
Connecting cable 24V DC/01 (see page 142)	Order no.			
Connecting cable 24V DC /1.0 m/01	12762			
Connecting cable 24V DC /3.0 m/01	12552			
Connecting cable 24V DC /7.5 m/01	12553			
Connecting cable 24V DC /15.0 m/01	11720			
PowerBox 24 V DC / 01 (see page 143)	50493			
Underwater power supply 250 / 24 V / 01 (see page 152)	50733			
WECS II 512 (see page 156)	56491			
WECS II 1024 (see page 156)	56492			
WECS    2048 (see page 162)	56507			

to 4 LEDs can be individually controlled with this external Unterwasser LED-Driver.

The Underwater LED Driver/DMX/02 is equipped with two connection boxes - one for the power supply with 24V DC and the other one for a DMX/RDM-data cable. The special connection technology makes a watertight pluggable cabling possible.
